National Water Safety Month

In recognition of the popularity of swimming and other water-related activities, the month of May 2018 is National Water Safety Month! NJSIG wants to take this opportunity to bring awareness to a variety of water safety suggestions and resources.

Stay Safe Around Water:

Does your school district have a swim and/or rowing team? Do you have a swimming pool on your campus? Do you go on field trips to water parks? The Red Cross provided a list of safety actions whenever you are in, on or around water. [Click Here](#) for a list of helpful tips and suggestions.

NJSIG CPR/AED Trainings:

Our Loss Control Representatives are all certified CPR/AED trainers and can conduct classes either at NJSIG's training facilities or at your district. Please contact Sue Williams to set up a training: swilliams@njsig.org.

Check Your Drinking Water: Make sure your water supply is safe to drink!
