ITEM #6 REPORTS:

A. Executive Director:

Jill Deitch, Executive Director, provided an overview of her report and an update on the status of NJSIG. Deitch discussed NJSIG's request to DOBI to return portions of member contributions related to the COVID-19

situation. Deitch reported that the London reinsurance meetings, in December, would be held virtually this year, and that it is unclear whether the South Carolina reinsurance meetings, in February, will be conducted virtually or in-person.

B. Reinsurance quotes, timelines

Phil William, Willis Re Pooling, gave an overview of the reinsurance market. He also discussed the reinsurance quote process and explained why getting the quotes earlier has been and will be difficult.

C. Marlboro office; alternate meeting locations

Discussion item presented by Deitch. Deitch reported that the Marlboro office lease would not be renewed in February 2021. Deb Rice identified a few potential alternate meeting locations, and a discussion ensued. The result was that, when meetings aren't being held in NJSIG's Mount Laurel office, they can be held at the Westfield Board of Education or the Educational Services Commission of New Jersey, in Piscataway.

D. COVID-19, WC experience modification factors

Jill Deitch introduced this discussion item. Claire King explained that the NJ Compensation Rating and Inspection Bureau (NJCRIB) is excluding all COVID-19 claims from its experience rating calculations. NJSIG plans to do the same, as COVID-19 claims are not likely to be a strong predictor of future claims. While NJSIG is not bound by NJCRIB rate-making, we do incorporate its experience rating methodology into our own WC rate calculations. King does not anticipate this to have a significant impact on NJSIG members.

ITEM #8 ACTION ITEMS:

A. Financial Audit 6/30/20 (NJSIG No. 1120-1)

Board of Trustees Meeting of January 13, 2021 Executive Director Report

The NJ Department of Banking and Insurance (DOBI) preliminarily responded to NJSIG's request for permission to immediately perform an initial partial refund of workers' compensation and auto liability member contributions for the 2019/2020 fiscal year with a question as to whether NJSIG had received any premium relief from its excess or reinsurers. I informed DOBI that to date, none of our excess or reinsurers have provided NJSIG with any premium relief. We have also checked in with our reinsurance broker team at Willis Towers Watson, and we do not expect any such reimbursement to be coming from the reinsurers. Although we are eager to return to our members a portion of their 19-20 contributions in light of the decreased claim activity attributable to the COVID-19 school shutdowns, apparently our reinsurers are not. I followed up with DOBI on January 6, 2021 by email and phone, but I have not received a response to date. Should DOBI respond positively to NJSIG's request, Accounting and IT will be prepared to issue either COVID-19 credits or COVID-19 checks to NJSIG members promptly.

NJSIG is currently in the midst of obtaining quotes for reinsurance and excess insurance for the 2021/2022 policy year. Willis Re, NJSIG's current insurance broker, has indicated that the market for reinsurance and excess insurance continues to "harden," which is a term of art in the insurance industry that generally means insurance rates are increasing, and available insurance capacity is decreasing. Similar to last year when I received this indication, I have directed Willis Re to aggressively market NJSIG's lines of business to reinsurance and excess insurance so as to ensure we are able to obtain the necessary coverage for our membership at acceptable rates.

To this end, we have met with over a dozen London, Bermuda, and domestic based property excess and reinsurers to market NJSIG's program over the last two months. I have found these meetings provide significant value, since they help to maintain relationships that can potentially make a difference in terms of rates. These meetings also give us an opportunity to highlight our strengths as an organization. The feedback from the London market has generally been that we will be facing an increase, but it is likely to be in line with the kind of increase that we saw last year on the property line

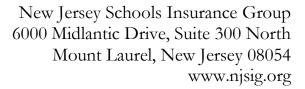

of coverage. We also received feedback that many other groups with worse claims experience and in different risk categories will be facing more significant increases. By meeting with the excess and reinsurers, we were able to have good discussions about why we feel NJSIG's members have a favorable risk profile compared to other types of organizations. Although our members were spared from significant hurricane damage this season, natural disasters worldwide, as well as the uncertainty surrounding COVID-19 business interruption claims in the commercial market have contributed to overall hardening of the market. Thus, I do anticipate property reinsurance rates rising this year.

We also provided notice to the landlord at NJSIG's Marlboro office that NJSIG will not be renewing its lease. We will be placing any unwanted office furniture on municibid.com to sell. If we are not successful on municibid.com, we have contacted a service provider that can liquidate the furniture for NJSIG. The goal is to vacate the premises by the end of the current lease term.

Last year, I made it my goal to hear from all of NJSIG's stakeholders, including trustees, members, brokers and employees to hear how NJSIG is meeting their expectations, and where the organization has opportunities to improve. To that end, I conducted a meeting with NJSIG's sub-fund administrators last January which was very helpful in understanding how NJSIG can better serve of members risk management needs. For that reason, I have decided to conduct this feedback session on an annual basis, and the next annual sub-fund administrator meeting is planned for the end of the month. And as usual, we will host a virtual broker meeting at the beginning of March to give budgetary guidance with respect to 2021/2022 rates. Although I would like to provide that information sooner, the first week of March is really the earliest we can feasibly do so, since that is the earliest we can expect to have rate information from our actuaries and the reinsurance markets.

Respectfully Submitted,

Jill Deitch, Esq. Executive Director New Jersey Schools Insurance Group

Board of Trustees Meeting of January 13, 2021 Accounting/Finance Report

- ACCOUNTING DEPARTMENT PROCESSES:

(1) **Billing & Accounts Receivable Processes:** NJSIG's Accounting Department processed \$142 million of 2020/2021 renewal gross member contributions and endorsements in the PeopleSoft Billing Module as of the date of this report (01/05/2021). The Accounting Department is current with all business that was bound and exported from the Underwriting system (Navrisk). In addition, the Accounting Department continues to invoice NJSIG's members in the PeopleSoft Billing system for monthly Workers' Compensation installments and miscellaneous endorsements as the billing data is exported from Navrisk. The Accounting Department collected and applied \$111.7 million of members' contribution deposits (to date) for the 2020/2021 fiscal year. The Accounting Department manages the collection status of NJSIG member contributions by distributing the color-coded NJSIG account statements to members on the 15th of each month.

Accounts Payable: All accounts payable vouchers and payments are current. The Accounting Department processed \$11.9 million of broker commissions as part of the direct bill procedures during the 2020/2021 fiscal year. In addition, as of 01/05/2021, the Accounting Department has also processed \$4.5 million of the 06/30/2019 safety grants to members.

- FINANCIAL REPORTS:

Please find the attached FY20/21 first financial reports for 10/2020 and 11/2020. I have also included the 11/30/2020 Investment & Cash reports.

- SPECIAL PROJECTS:

In addition to my standard responsibilities, I have also been working on the following special projects:

- (1) <u>PeopleSoft's PeopleTools Migration</u>: The Accounting Department completed the testing phase of this project the last week in December 2020. The IT Department and the contracted independent PeopleSoft consultants will move the completely tested environment into NJSIG's PeopleSoft production environment on 01/08/2021.
- (2) COVID-19 Member Contribution Return NJSIG forwarded its formal request to the NJ DOBI for a waiver of the twenty-four month distribution period to return the 06/30/20 COVID-19 Member Contributions of \$3.2

million that the board approved at the 09/2020 meeting. The board also requested that the COVID-19 member contribution credits be returned in the form of credits to member premium payments, versus physical return premium checks to members. There remains one last step of testing this new process before moving it into the NJSIG PeopleSoft production environment. The Accounting Department staff will have this step completed prior to the PeopleSoft PeopleTools migration on 01/08/2021. It will be fully functional for issuing credits to our members as soon as we receive such approval notification from DOBI.

- (3) Payroll Provider Upgrade As per the most recent RFP for payroll providers, the Accounting Dept. will be upgrading to a new payroll provider software platform. NJSIG's Sr. Payroll & Benefits Specialist and NJSIG's Payroll & Cash Management Specialist are currently working with the payroll provider on this project. It is NJSIG's intention to go live on this new platform within the first quarter of 2021.
- (4) <u>Claims Dept. Financial Data</u>: Rebecca Fabiano (Sr. Staff Accountant) and I will be meeting with the Sherwin Archibald (Claims Dept. Manager) and Jill Deitch (Executive Director) on 01/05/2021 to discuss the results of several claims financial reconciliation and analysis projects, as well as implementing the "next steps" for claims financial reporting procedures and internal controls.
- (5) Willis Towers Watson (WTW) FY 2020 Grant Allocation Analysis I have forwarded all unpaid/rollover sub-fund grant amounts (as of the cut-off date in 12/2020) to the WTW actuaries. The actuaries will include these rollover

amounts in their sub-fund and member allocation analysis of the current year grant amounts.

(6) 2020 IRS Tax Reporting: The Accounting Department is currently working on the preparation, distribution and respective IRS filings of the IRS forms: W2, 1095C, 1099-MISC & 1099-NEC.

Thank you,

Michele Carosi

Board of Trustees Meeting January 13, 2021 Client Relations and Safety and Risk Control Report

Client Relations

- Client Relations has been working with Enquiron, a web based service that provides HR employment law tools and resources. As an extension to the NEPHA Hotline, NJSIG looks to work with Enquiron to bring their expertise to all members with E&O coverage. We will be working with the Sub-fund Administrators to provide additional training opportunities with Enquiron this winter. We also will be promoting webinars that they host as they are included in NJSIG's membership. This past month Enquiron hosted a webinar titled: FMLA and ADA Implications for Workplace Accidents which offered 1 Human Resources Credit to attendees.
- Client Relations and Safety and Risk Control continues to work with Sub-fund Administrators and brokers on retention strategies and new business opportunities. Renewal strategy meetings are being held monthly to help identify areas of concern for members that we need to focus on.
- Client Relations is preparing for the winter and spring sub-fund meetings. Legal One and Cleary, Giacobbe, Alfieri, Jacobs, LLC. will present "IEPs in the COVID Era" which will offer 2 QPA credits to those attending. NJSIG's sub-funds will also be hosting John Geaney, Esq. between the winter and spring sub-fund meetings. He will present "Ethical Behavior when Managing WC Claims," for 1 QPA credit.
- We were invited to a 'wrap-up' call with the top tier sponsors from the NJSBA 2020 Virtual Workshop. We discussed lessons learned from the first virtual workshop and tentative plans for the 2021 hybrid workshop, combination of in-person and virtual conference. Below are a few takeaways:
 - The virtual conference was a success, however attendees and vendors wished there was more engagement and an interactive agenda/ calendar/ scheduling system would be helpful.

| Before 2020 | 2020 Virtual Workshop | | |
|-----------------------------|-----------------------------|--|--|
| Average participants: 8,500 | Average participants: 6,000 | | |
| Average trainings: 300 | Average trainings: 100 | | |
| Average exhibitors 350 | Average exhibitors: 140 | | |

- With the 2020 election, there are 500 new board members throughout the state. NJSBA is encouraging new board members to log into the virtual workshop and view the trainings. They are engaging weekly with these new members specifically to promote the workshop. With NJSIG's virtual booth live for a full year, districts and board members throughout the state have access to our recorded presentations (Knowing Your Ethical Obligations and Avoiding Complaints, and Cyber Risk for New Jersey School Districts) as well as our marketing materials until October, 2021.
- NJSBA is in the early planning stages of the 2021 hybrid workshop but envisions that this will be a week-long event. Half of the week would be in person and the other half would be virtual. They should have more information mid-late February.
- NJSIG and David Nash, Esq., from Legal One, engaged a group of twelve member Business Administrators from across the state to determine issues of concern and discuss ways NJSIG and Legal One could support them.

Some areas identified for further discussion and/or trainings were:

- Staff Mental Health
- Indemnification agreements for school facility rentals
- Boundaries between students/teachers/coaches
- Faculty addiction issues-concern about impact of marijuana legalization
- Pre-employment process Improper questioning during Zoom interview process
- Need of updated course on employment law
- Zoom/Screen Fatigue

We will be meeting again with Nash to discuss future trainings, webinars, and podcasts that we can offer to our members.

Safety and Risk Control

• Safety and Risk Control is currently working on NJSIG's new "mid-term checkup" report. This report, anticipated to be forwarded by the middle of January, will provide members with a summary of losses, trend analysis, and recommendations to mitigate future claims.

Board of Trustees Meeting of January 13, 2021 Underwriting Report

Underwriting is in the process of updating the NavRisk policy database in preparation for the upcoming renewal season. This includes the computation of each member's 2021-2022 Workers' Compensation experience modifier. As is customary, the new experience modifiers will be released to the membership no later than February 15th.

We recently received property appraisal reports from CBIZ Valuation Group for the 47 members in the 2020-2021 cycle (new appraisals are conducted every four years for all members with property coverage). The underwriters will review, compare and update the new appraisal data in NavRisk and consult with respective members' brokers in preparation for their 2021-2022 property policy renewal.

Underwriting continues to work diligently with the NJSIG IT Department and the software vendor on the testing and implementation of several NavRisk software enhancements in preparation for the 2021-2022 renewal season.

Members in the BACCEIC, CAIP, ERIC North, ERIC South and NJEIF sub-funds will be coming out of their three-year NJSIG commitments in 2020-2021. NJSIG has begun receiving the requisite notice letters from members that wish to consider alternative insurance options for the 7/1/21 renewal term.

NJSIG is seeing mixed results at the six-month mark with regard to environmental, cyber and equipment breakdown losses. To date, paid environmental and cyber liability losses are minimal as compared to last year. However, equipment breakdown losses are trending less favorably for a third consecutive year. We are hopeful that the mandatory \$25,000 deductible implemented on 7/1/20 will have a favorable long-term impact on the overall pool equipment breakdown loss ratio.
