

July 3, 2014

Issue: #45

## New Video Streaming Available

**NJSIG members** now have access to the full library of **CoastalFlix™** training videos with over 250 safety, compliance, and human resources titles available through the NJSIG.org website!

Training is essential for preserving district resources and providing a safe, professional working environment. To get you started, NJSIG Loss Control has recommended videos for each work group - administrators, teachers, bus drivers, etc. These videos are grouped together for easy viewing or feel free to browse through the selection and chose other videos.

Please contact your NJSIG Loss Control Representative to discuss your district's training needs and for help in creating an effective training program.

# First Aid CPR Training Now Available

Janet's Law goes into effect September 1, 2014. The law requires five people in each school building to be trained to use a defibrillator.

New Jersey School Insurance Group loss control representatives are now certified in First Aid, CPR and Defibrillator training. They will do so at regional training centers around the state. Please look in future issues of Insurance Insight and the SafetyNet for dates, times and the fee for this service.

For more information contact your Loss Control Representative.

**Sincerely,**

**The Member Services Team**

**NJ Schools Insurance Group**
