## Reminders for NJSIG's Cyber Liability Program

This past April, NJSIG announced that we have partnered with Beazley Breach Response Services for our new **Cyber Liability** Coverage.

When reporting a claim, the district's broker should report to Beazley via email at [bbr.claims@beazley.com](mailto:bbr.claims@beazley.com).

The broker should include the following information when submitting the claim:

- Beazley Policy Number: V15DC1140101
- Named Insured: New Jersey Schools Insurance Group
- Name of your district
- Date the incident occurred (if known)
- Contact information for the point person handling the investigation

Lauren Schilling  
Communications  
Specialist

For More  
Information:  
[www.njsig.org](http://www.njsig.org)

DO NOT:

- Email Beazley staff directly to provide the initial notice
- Include any personally identifiable information or protected health information

Email is strongly recommended as the best method of notification. You may alternatively provide the notice of an incident by calling Beazley's 24-hour hotline. 866-567-8570 and provide the information described above.

Beazley will respond to the notice generally on the same or next business day and will schedule a phone call to discuss the incident.

Please [Click Here](#) to view Coverage Limits in their program

Please also [Click Here](#) to view Beazley's brochure for more information regarding their services.

For any additional questions, please contact your Member Services Representative.
