

# SAFETY NET

NJSIG'S SAFETY NEWSLETTER

We are excited to introduce a new featurette in our *SafetyNet* newsletter: **NJSIG's Safety Spotlight!**

**NJSIG's Safety Spotlight** will highlight the outstanding safety initiatives from member schools each month. See how districts are improving safety through best practices and innovative strategies that support healthy, secure learning environments.

Each issue features a brief spotlight on how schools are protecting students and staff, from drills and visitor management systems, to upgraded emergency equipment, safety audits, and partnerships with law enforcement.

**Share your story!** Submit your school's safety initiative to [riskcontrol@njsig.org](mailto:riskcontrol@njsig.org) for a chance to be featured.

## CHUBB In-Person Training

Boiler Controls & Safety Devices  
Water Treatment for Low Pressure Heating Systems

**Tuesday, July 21, 2026**  
**9:00 AM - 4:00 PM**

**CHUBB Risk Engineering Center**  
35 Columbia Road  
Branchburg, NJ 08876  
**3 CEFM credits**

Join us live and in person! CHUBB Risk Engineering Services, in partnership with NJSIG, is hosting a hands-on training for facilities staff, administrators, and brokers.

This training provides valuable, practical insights into water treatment systems, boiler controls, and safety devices, all delivered in a live, interactive environment where you can ask questions and engage directly with experts.

NJSIG reminds members to **promptly** notify CHUBB when new equipment is installed or inspections are missed to ensure timely scheduling and avoid unnecessary state inspections.

CHUBB will typically reach out to schedule inspections before they are due, but members may also contact [NJBoilers@Chubb.com](mailto:NJBoilers@Chubb.com) directly.

## Online Defensive Driving Training

NJSIG has partnered with National Safety Council to provide a 4-hour online defensive driving training to members with Auto Liability and/or Workers' Compensation coverage at no cost **for members who drive on behalf of the district**. After completion of the course, attendees may be entitled to a discount on their personal auto liability insurer.

For assistance with the online defensive driving course, please contact NJSIG's Safety & Risk Control Department at [riskcontrol@njsig.org](mailto:riskcontrol@njsig.org).

NJSIG provides **three Pre-QSAC inspections** at no cost to members with property coverage.

In partnership with H&S Inspection Company, these inspections are designed to identify potential issues in advance of the NJQSAC review. The inspection checklist closely aligns with what NJDOE inspectors typically assess, giving schools a proactive advantage in maintaining compliance.

To schedule your Pre-QSAC inspections, please contact [riskcontrol@njsig.org](mailto:riskcontrol@njsig.org).
