Brown & Brown

We believe in helping our customers protect their business by building insurance solutions supported & strengthened by an effective risk management program.

At Brown & Brown, we are committed to delivering exceptional service through our dedicated in-house risk management team and claims professionals.

As we enter the ninth year of our educational webinar series, we're excited to introduce **Safety Snippets**—concise, 20-minute sessions designed for busy professionals. Our webinars, whether the comprehensive full-hour sessions or the condensed version, are designed to keep you and your employees current with the latest regulations and safety topics.

Through the years, our team has successfully assisted thousands of organizations in certifying their safety committees, mitigating risks, and navigating complex regulations. Whether you need guidance on managing liability issues or are facing challenges in the workplace, our webinars offer valuable insights to address your needs.

On behalf of everyone at Brown & Brown, we look forward to continuing our partnership and supporting your success now and in the future.

WEBINAR REGISTRATION & ACCESS

- If you received an email invitation, please follow the instructions to register for the webinar.
- If you have not received an email invitation, you may register for any of our webinars using the URL shown in the schedule. Please note, each webinar has its own URL.
- After you complete registration, the screen will say, "You're Registered!" There is a button to add the event to your calendar.
- A reminder to join the webinar will be emailed to you approximately one hour prior to the start of the webinar.

WEBINAR ETIQUETTE

Mute Mode: All participants are muted by default but can communicate via the 'Question' function found on the dashboard.

Be Interactive: Engage with us through Q&A, polls, and surveys during the presentation to enhance the experience.

Access Materials: Find and download copies of the presentation and related handouts by locating 'Handouts' on the dashboard.

Ask Away: We encourage questions! The instructor will strive to address all queries. If we miss yours, please contact us via email.

Technical Difficulties: If you experience any issues, please call (877) 582-7011. When prompted, say "technical difficulties," "GoToWebinar," and "attendee" to be connected with a live agent who can assist you.

TUESDAY

JAN 14

10 AM - 11 AM EST

STAY IN COMPLIANCE: MASTERING OSHA RECORDKEEPING & DART CALCULATIONS

Register here: <https://attendee.gotowebinar.com/register/2359413856635923029>

Many employers are unaware of their obligation to maintain and post OSHA logs for workplace accidents and illnesses. Others face challenges in deciding if an incident is recordable. This course will clarify OSHA's recordkeeping requirements under standard 1904.7, helping you determine if you need to keep records, how to classify cases as recordable, and how to accurately complete the OSHA 300, 300A, and 301 logs. Additionally, we will cover OSHA's DART calculation, guide you through calculating it for your organization, and show you how to benchmark your DART rate against the latest BLS data.

THURSDAY

JAN 23

2 PM - 3 PM EST

NAVIGATING OSHA'S INJURY TRACKING APPLICATION SYSTEM AND REPORTING OF SERIOUS OR FATAL INJURIES

Register here: <https://attendee.gotowebinar.com/register/3049831292577214040>

In this one-hour session, participants will gain a comprehensive understanding of OSHA's Injury Tracking Application (ITA). The course will cover who is obligated to upload forms, the steps for setting up an ITA account, and best practices for managing the ITA process. Additionally, participants will receive a brief refresher on OSHA's recordkeeping requirements and will learn the procedures for reporting serious injuries and fatalities.

WEDNESDAY

JAN 29
